[Where the Road Ends](#) Meghan M. Hicks 2016-04-05 Every year, countless runners, endurance athletes, and outdoor enthusiasts discover the sport of trail running. Whether they run for peace of mind, appreciation of nature, or competition, they find a sport unlike any other. [Where the Road Ends: A Guide to Trail Running](#) captures the excitement, intensity, and appeal of the outdoors. From training and preparation to overcoming nature's obstacles, it's all here, accompanied by detailed instruction, expert insights, and stunning color photography. Inside you'll find these features: • Techniques for running over dirt, sand, roots, and rock • Equipment recommendations based on terrain, distance, and conditions • Safety guidelines for navigation, injury, and water crossings • Conditioning programs for all levels of runners • Strategies for improving race-day performance Whether you are an experienced road runner looking for new challenges or an extreme athlete pushing your physical limits, look no further than [Where the Road Ends](#), the authoritative guide for conquering the trails, terrain, and conditions of the great outdoors.

The Responsible Company Yvon Chouinard 2013-10-06 The Responsible Company, by Yvon Chouinard, founder and owner of Patagonia, and Vincent Stanley, co-editor of its Footprint Chronicles, draw on their 40 years' experience at Patagonia - and knowledge of current efforts by other companies - to articulate the elements of responsible business for our time. Patagonia, named by Fortune in 2007 as the coolest company on the planet, has earned a reputation as much for its groundbreaking environmental and social practices as for the quality of its clothes. In this exceptionally frank account, Chouinard and Stanley recount how the company and its culture gained the confidence, by step and misstep, to make its work progressively more responsible, and to ultimately share its discoveries with companies as large as Wal-Mart or as small as the corner bakery. In plain, compelling prose, the authors describe the current impact of manufacturing and commerce on the planet's natural systems and human communities, and how that impact now forces business to change its ways. The Responsible Company shows companies how to reduce the harm they cause, improve the quality of their business, and provide the kind of meaningful work everyone seeks. It concludes with specific, practical steps every business can undertake, as well as advice on what to do, in what order. This is the first book to show companies how to thread their way through economic sea change and slow the drift toward ecological bankruptcy. Its advice is simple but powerful: reduce your environmental footprint (and its skyrocketing cost), make legitimate products that last, reclaim deep knowledge of your business and its supply chain to make the most of opportunities in the years to come, and earn the trust you'll need by treating your workers, customers and communities with respect.

Field & Stream 2001-01 FIELD & STREAM, America's largest outdoor sports magazine, celebrates the outdoor experience with great stories, compelling photography, and sound advice while honoring the traditions hunters and fishermen have passed down for generations.

Unusually Stupid Americans 2003 A compilation of stupidity from Americans of all walks of life includes lists, news items, statistics, and stupid acts, covering such topics as government, food, television programs, law, business, and taxes.

Motorcycle Jackets Rin Tanaka 2006 The leather motorcycle jacket is more than a coat; it's a mentality. Beginning in the early twentieth century, airplanes, automobiles, and motorcycles redefined freedom, idealized speed, and captured the hearts of men and women alike. The leather jackets developed to protect pilots, racers, and motorists from the elements came to symbolize a romantic sense of rugged adventure. In particular, motorcycle jackets maintained this ideal for decades to come. The first of its kind, this beautiful classic book traces the evolution of the motorcycle jacket over the past century. Hundreds of jackets and accessories from dozens of leather companies past and present are featured in over 1,000 rich color photos--with careful attention to details, original catalog pages, and full pricing information. Surrounding the jackets is a fascinating array of historical photos that capture the motorcycle culture and will make any enthusiast swoon.
