Japan in the years after 1859 and into the early years of the 20th century. Topics covered include: architecture; industrial design; prints; painting; and photographs.

[Making Sense](#) James Hiebert 1997 This book presents several key principles for teaching mathematics for understanding that you can use to reflect on your own teaching, make more informed decisions, and develop more effective systems of instruction.

History of Windham County, Connecticut: 1600-1760 Ellen Douglas Larned 1874

The Iraqi Nights Dunya Mikhail 2014-05-27 A stunning new collection by one of Iraq's brightest poetic voices The Iraqi Nights is the third collection by the acclaimed Iraqi poet Dunya Mikhail. Taking The One Thousand and One Nights as her central theme, Mikhail personifies the role of Scheherazade the storyteller, saving herself through her tales. The nights are endless, seemingly as dark as war in this haunting collection, seemingly as endless as war. Yet the poet cannot stop dreaming of a future beyond the violence of a place where "every moment / something ordinary / will happen under the sun." Unlike Scheherazade, however, Mikhail is writing, not to escape death, but to summon the strength to endure. Inhabiting the emotive spaces between Iraq and the U.S., Mikhail infuses those harsh realms with a deep poetic intimacy. The author's vivid illustrations — inspired by Sumerian tablets — are threaded throughout this powerful book.

[Feminist Interventions in Ethics and Politics](#) Barbara S. Andrew 2005-03-22 This collection breaks new ground in four key areas of feminist social thought: the

sex/gender debates; challenges to liberalism/equality; feminist ethics; and feminist perspectives on global ethics and politics in the 21st century. Altogether, the essays provide an innovative look at feminist philosophy while making substantive contributions to current debates in gender theory, ethics, and political thought.

Alcohol in Popular Culture Rachel Black 2010-10-14 Valuable for its focus on marginalized and pop-culture aspects of alcohol use and misuse, this encyclopedia looks at popular alcoholic beverages, their history, how they are used in everyday life and during special events, their role in the arts, and how imbibing affects health. The book's scope is limited to the US from as early as the colonial era to the present. The introduction outlines the editor's challenge of balancing "voices and approaches" to the study of alcohol, and steeps readers in the state of "alcohol studies," so to speak. Long entries marry alcohol with art, film, literature, and music and easily ground readers in these interrelationships via overviews. Generally, however, entries provide an overview of the subject and conclude with suggestions for further reading and a selected bibliography. Some 100 entries are featured, with length ranging from as little as a paragraph to several pages. Sidebars expand particulars of a drink. Illustrations accompany narrative entries, such as a historical poster for the Anti-Saloon League in the "Woman's Christian Temperance Union" entry. The interdisciplinary nature of this encyclopedia makes it a reference that may serve many purposes. Summing Up: Recommended. Lower-division undergraduates and general readers. General Readers; Lower-division Undergraduates. Reviewed by R. Tolley-Stokes.

Twelve Years A Slave, Illustrated Edition Solomon Northup 2014-04-08 Kidnapped and sold into slavery in the American South, freeman Solomon Northup spent twelve years in bondage before being freed. Twelve Years a Slave is Northup's moving memoir, revealing unimaginable details of the horrors he faced as a slave on Southern plantations, and his unshakable belief that he would return home to his family. Written in the year after Northup was freed and published in the wake of Harriet Beecher Stowe's Uncle Tom's Cabin, Northup's story was quickly taken up by abolitionist groups and news organizations as part of the fight against slavery, and continues to resonate more than a century after the end of the American Civil War.

Brewer's Dictionary of Phrase and Fable (20th edition) Susie Dent 2018-11-01 'This is, in fact, not what you were looking for; but it's much more interesting.' Terry Pratchett Much loved for its wit and wisdom since 1870, Brewer's Dictionary of Phrase and Fable takes you on a captivating adventure through its trademark blend of language, culture, myth and legend. Nowhere else could the histories of the guillotine and Guinness stout sit so comfortably alongside the KGB and the Keystone Kops. Brewer's is a catalogue of curiosities and absurdities that, over almost 150 years in print, has acquired near-mythical status. Edited by Susie Dent, this new edition includes a brand new Collection of Curious Words and many new and updated entries. Its pages brim with esoteric and entertaining oddities - everything from curious customs to the world of newspapers and political alliances of yesteryear - all seen through the distinctive Brewer lens. This twentieth edition of Brewer's Dictionary of Phrase and Fable encapsulates all the charm and wit that characterise its predecessors and maintains the standards of scholarship and eclecticism that have long been its hallmark. Whether you're a committed Brewerphile or a newcomer to its pages of fascinating entries, this edition will draw you in and keep you glued to its rich mix of eccentric nuggets. As Susie Dent explains in the foreword, Brewer's "is unlike any other reference book that exists, anywhere."

Cheerful motifs in Kim's signature style come with full-size appliqu  patterns. Each block in this pattern pack measures 10 1/2" x 18 1/2". Includes links to printable, full-size patterns

Howard Hughes: The Secret Life Charles Higham 2013-09-24 His wealth was legendary. His passions were bizarre. Now, the truth about the money, the madness, and the man behind the enigma. Howard Hughes is one of the best known and least understood men of our times--famed for his wealth, his daring, and his descent into madness. Bestselling biographer Charles Higham goes beyond the enigma to reveal the incredible private life of Howard Hughes: * his romances with the great stars of Hollywood--Katharine Hepburn, Bette Davis, Cary Grant, Tyrone Power, and numerous others * his forays into sadomasochism * his involvement with Richard Nixon and Watergate * his bizarre final years This is a compelling portrait of a unique American figure--in a story as revealing as it is unforgettable.

Queer Futures David Serlin 2007-12 In this special issue of Radical History Review, scholars and activists examine the rise of "homonormativity," a lesbian and gay politics that embraces neoliberal values under the guise of queer sexual liberation. Contributors look at the historical forces through which lesbian and gay rights organizations and community advocates align with social conservatives and endorse family-oriented formations associated with domestic partnership, adoption, military service, and gender-normative social roles. Distinguished by its historical approach, "Queer Futures" examines homonormativity as a phenomenon that emerged in the United States after World War II and gained traction in the 1960s and 1970s. One essay compares Anita Bryant's antigay campaigns in the late 1970s with those of current same-sex marriage proponents to show how both focus on the abstract figure of the "endangered child." Another essay explores how the Gay and Lesbian Alliance Against Defamation's organizational amnesia has shaped its often conservative agenda. Other essays include a Marxist reading of the transsexual body, an examination of reactionary politics at the core of the movement to repeal the U.S. military's "don't ask, don't tell" policy, and a history of how "safe streets" patrols in the 1970s and 1980s became opportunities for urban gentrification and community exploitation. Contributors. Anna M. Agathangelou, Daniel Bassichis, Aaron Belkin, Nan Alamilla Boyd, Maxime Cervulle, Vincent Doyle, Roderick A. Ferguson, Christina Hanhardt, Dan Irving, Regina Kunzel, Patrick McCreery, Kevin P. Murphy, Tavia Nyong'o, Jason Ruiz, David Serlin, Tamara L. Spira, Susan Stryker, Margot D. Weiss

Duncan Phyfe Peter M. Kenny 2011 "Duncan Phyfe (1770-1854), known during his lifetime as the "United States Rage," to this day remains America's best-known cabinetmaker. Establishing his reputation as a purveyor of luxury by designing high-quality furniture for New York's moneyed elite, Phyfe would come to count among his clients some of the nation's wealthiest and most storied families. This richly illustrated volume covers the full chronological sweep of the craftsman's distinguished career, from his earliest furniture-- which bears the influence of his 18th-century British predecessors Thomas Sheraton and Thomas Hope--to his late simplified designs in the Grecian Plain. More than sixty works by Phyfe and his workshop are highlighted, including rarely seen pieces from private collections and several newly discovered documented works. Additionally, essays by leading scholars bring to light new information on Phyfe's life, his workshop production, and his roster of illustrious patrons. What unfolds is the story of Phyfe's remarkable transformation from a young immigrant craftsman to an accomplished master cabinetmaker and an American icon."--Publisher's website.

Form, Fit, Fashion Jay Calderin 2009-12-01 An indispensable primer for students and first-stop reference for professionals, Form, Fit, and Fashion guides the fashion designer through the entire design process, from conceiving a garment to marketing it. This handbook collects the information and ideas essential to planning and executing fashion projects of every scale and distills them in an easy-to-use format that is compact enough to slip into a tote. Linking six central phases in the cycle of fashionâ€”research, editing, design, construction, connection, and evolutionâ€”Form, Fit, and Fashion will help designers to develop effective strategies for building a

cohesive collection and communicating their vision.

The Book of the Pearl; the History, Art, Science, and Industry of the Queen of Gems George Frederick Kunz 2020-03-25 This book has been considered by academicians and scholars of great significance and value to literature. This forms a part of the knowledge base for future generations. So that the book is never forgotten we have represented this book in a print format as the same form as it was originally first published. Hence any marks or annotations seen are left intentionally to preserve its true nature.

How People Learn National Research Council 2000-08-11 First released in the Spring of 1999, How People Learn has been expanded to show how the theories and insights from the original book can translate into actions and practice, now making a real connection between classroom activities and learning behavior. This edition includes far-reaching suggestions for research that could increase the impact that classroom teaching has on actual learning. Like the original edition, this book offers exciting new research about the mind and the brain that provides answers to a number of compelling questions. When do infants begin to learn? How do experts learn and how is this different from non-experts? What can teachers and schools do-with curricula, classroom settings, and teaching methods--to help children learn most effectively? New evidence from many branches of science has significantly added to our understanding of what it means to know, from the neural processes that occur during learning to the influence of culture on what people see and absorb. How People Learn examines these findings and their implications for what we teach, how we teach it, and how we assess what our children learn. The book uses exemplary teaching to illustrate how approaches based on what we now know result in in-depth learning. This new knowledge calls into question concepts and practices firmly entrenched in our current education system. Topics include: How learning actually changes the physical structure of the brain. How existing knowledge affects what people notice and how they learn. What the thought processes of experts tell us about how to teach. The amazing learning potential of infants. The relationship of classroom learning and everyday settings of community and workplace. Learning needs and opportunities for teachers. A realistic look at the role of technology in education.

It is now understood that standard ap of aniline dyes in clothing, and development of the praisal concepts and principles can be applied to the electric light, have influenced design and use of gem stones.

Romancing the Revolution Ian Bullock 2011 "Over two decades have passed since the collapse of the USSR, yet the words 'Soviet Union' still carry significant weight in the collective memory of millions. But how often do we consider the true meaning of the term 'Soviet'? Drawing extensively on left-wing press archives, Romancing the Revolution traces the reactions of the British Left to the idealized concept of Soviet democracy. Focusing on the turbulent period after the 1917 Russian Revolution, author Ian Bullock examines the impact of the myth of Soviet democracy: the belief that Russia was embarking on a brave experiment in a form of popular government more genuine and advanced than even the best forms of parliamentarism. Romancing the Revolution uncovers the imprint of this myth on left-wing organizations and their publications, ranging from those that presented themselves as 'British Bolsheviks' -- the British Socialist party and The Call, the Socialist Labour party's The Socialist, Sylvia Pankhurst's Workers' Dreadnought--to the much more equivocal Labour Leader and The New Statesmen."--Publisher's website.

"...officer Down, Code Three" Pierce R. Brooks 1975-01-01 The author, a veteran police officer and training instructor, explores cases of police fatalities to determine the most common contributory procedural errors. Brooks calls these 'the deadly errors'. They are failure to maintain proficiency and care of equipment, improper search and use of handcuffs, failure to position oneself properly, and failure to watch suspects' hands. Failure to remain alert and awake, failure to wait for assistance, and preoccupation and apathy are also common dangers.
